

Transform Elementary Science Teaching

AUGUST 5-7, 2010

New Orleans, LA

Elementary Science Institute

Moving Toward Excellence in
Elementary Science Teaching for Learning

NSTA's Elementary Science Institute brings together the collaborative efforts of school building administration, lead teacher/coach, and classroom teacher on behalf of quality science education. Partnering with renowned leaders in science instruction, this powerful NSTA professional development experience will transform science in your school.

Institute Highlights:

- Sessions for each stakeholder group led by nationally renowned facilitators including Dr. Rodger Bybee, Executive Director Emeritus of BSCS; Linda Froschauer, author/past NSTA president; author/educator Dr. Tim Cooney; associate professor Dr. Christine Royce; and author/science educator Steve Rich.
- Collaborative discussion and planning among key stakeholder groups
- Identification of specific roles in design and delivery of effective science instruction
- Exploration of inquiry-based teaching approaches and student-centered learning environment

Who Should Attend:

Teams of Classroom Teachers, Science Coach/Lead Teacher, and Building Administrator/Principal (individuals welcome, teams preferred)

Fees:

NSTA Member: \$450 per person **Non-Member:** \$525 per person
Fee covers registration, program materials, continental breakfast, and lunch daily.
